Experience

Financial Analyst, 05/2026 – Present

Higgins Digital – Charlotte, NC | [Company Website](#)

- Manage financial planning, pricing strategy, and revenue tracking for a web development company
- Build Excel-based dashboards to monitor client pipeline, payment status, project expenses, and monthly cash-flow projections
- Research agency pricing benchmarks, hosting/domain expenses, and small-business budget ranges to recommend competitive package structures while protecting company margins
- Develop financial summaries to improve proposal consistency, internal decision-making, and professionalism

Food Service Worker, 10/2025 – Present

Piada Italian Street Food – Charlotte, NC

- Process high-volume customer transactions accurately in a fast-paced environment while maintaining service quality, operational efficiency, and attention to detail
 - Coordinate with team members across register, prep, and order fulfillment to reduce wait times, resolve guest needs, and support smooth daily operations
-

Projects

Business Pricing & Revenue Model | [Report Summary](#)

- Built a dynamic Excel model for a service-based business, incorporating labor estimates, one-time software costs, recurring expenses, target margins, and scenario analysis to recommend profitable pricing tiers
- Created break-even and sensitivity analysis comparing upfront project fees, monthly maintenance options, and projected cash flow across conservative, base, and growth cases

Investment Valuation & Financial Statement Analysis | [Report Summary](#)

- Completed company valuation research using revenue growth assumptions, operating margin analysis, cash-flow forecasting, DCF methodology, and comparable company multiples
 - Evaluated profitability, liquidity, leverage, and market risk trends to summarize investment considerations in a clean, presentation-ready format
-

Volunteer Experience

Event Hospitality Volunteer | Phi Delta Theta – Charlotte, NC

- Prepared and served meals for philanthropy, fellowship, and Bible study events run by Phi Delta Theta
- Supported event setup, food coordination, guest hospitality, and cleanup for recurring campus gatherings
- Coordinated with fraternity members to ensure meals were prepared on time and events ran smoothly
